

## ALLIED ARMIES IN ITALY SMASH OUT FURTHER GAINS ON CENTRAL SECTOR IN DRIVE FOR POSITIONS

Germans Driven from the Strategic Town of Torella —  
Enemy Cleared Out of Castelmauro — Riardo Cap-  
tured On the Trans-Peninsular Front

(By International News Service)

ALGIERS, Oct. 28—Allied armies in Italy smashed out further gains on the central sector of the battle-front today in a drive for positions from which to loose an assault on the new Nazi defense line stretching east from Mondragone to Vasto on the Adriatic coast.

In bitter fighting north of San Stefano the Eighth Army drove the Germans from the strategic town of Torella.

Headquarters of Gen. Dwight D. Eisenhower announced that Castelmauro, approximately 17 miles northwest of Biferno, had been cleared of the enemy by the Eighth Army troops and that Mafalda also is in Allied hands. The Fifth Army on the western sector of the trans-peninsular front captured Riardo.

The Fifth Army, despite the return of unfavorable weather which restricted operations, gained additional important high ground north of Raviscanica west of the Massico ridge.

Front reports indicated that the Germans were getting tougher all along the front as the Allies struck closer to the new enemy defense line in jagged advances.

The Americans of the Fifth Army drove a sharp salient toward the Capua-Rome highway in a mile and a half advance against stiff Nazi rear-guard fighting.

### Christmas Seals Soon To Be On Sale

The arrival of Christmas Seals, to be sold this year to support the work of the Bucks County Tuberculosis and Health Society, is the occasion today for a statement by A. J. Strathie Ph. D., concerning the work of the Society.

"Christmas Seal money is budgeted and expended on planned projects," he explained. "The goal is to finance the program planned for the following year. The money raised determines how completely the program is carried out."

"The wartime problem of tuberculosis is bringing constantly increased demands on our Society. The funds needed can be secured if contributors in a position to do so make an increased or extra contribution this year."

He said that ninety-five per cent of the money raised through the Seal sale remains in the state. Five per cent goes to the National Tuberculosis Association which, in addition to many activities in fighting tuberculosis, supports extensive medical research in tuberculosis.

The tuberculosis problem and program will be further discussed by speakers before clubs, schools, and other groups. According to Mr. Strathie, citizens desire "to know the facts about tuberculosis, what they as individuals can do to protect themselves, the cost of the disease to tax-payers, and how our community can best do its part to combat this dangerous and costly disease."

### Dimout Regulations To Be Lifted Monday

WASHINGTON, Oct. 28—The lights are going on again in these United States.

Effective Monday, dimout regulations operative since the spring of 1942 will be lifted, it is announced.

Easing of the restrictions will permit Atlantic City and other New Jersey coast resorts to turn on their lights again, and Broadway once more may become New York's "Great White Way."

Canal St. in New Orleans, Hollywood Blvd. in Los Angeles, Market st. in San Francisco and all the thoroughfares of all the coastal cities again can blaze with light.

The War and Navy Departments and other Government agencies jointly announced lifting of the dimout as a result of the successful anti-submarine campaign in coastal waters.

Simultaneously, the Government urged necessity for a "brown-out"—a voluntary semi-dimout—as a fuel conservation measure.

### Surprise Farewell Is Tendered Mrs. Schaffer

A surprise farewell party was tendered Mrs. J. G. Schaffer, by the Bath Addition Card Club on Tuesday evening at the home of her daughter, Mrs. Murray Richman, Bath Addition.

## EVERY OUNCE OF SCRAP METAL IS NEEDED AT ONCE TO KEEP STEEL PRODUCTION GOING; WARNING IS SOUNDED

Every ounce of scrap metal that can be located must be turned in at once or the war effort may be seriously handicapped, according to information received today from the steel producing areas of the State through the Salvage Committee of the State Council of Defense in Harrisburg.

Reports from the Pittsburgh district, according to Warren R. Roberts, Chairman, Advisory Committee on Salvage, show that scrap is being consumed much faster than it is being received and scrap piles that at one time appeared adequate are rapidly being depleted. A lack of scrap means that steel production must be curtailed and a curtailment of steel production at this time means that our troops in the field will be denied the arms and ammunition they need for victory. The situation is critical.

Salvage committees of every county in the state are stepping up the scrap collection program. Chairman Roberts explained, and citizens are urged to recognize this need for scrap before it is too late. An effort is made to have the greatest tonnage of scrap ever collected deposited in the Victory Scrap Drive piles before November 15th.

From the smallest to the largest, every piece of scrap metal that can be found is needed now.

Scrap, it was stated, is anything of iron or steel which has become obsolete or worn out or has been discarded. Scrap is found in the miscellaneous junk that clutters basements and lies around farms and factories. Actually it is raw material and is necessary to the forging of Victory.

"Last year a lack of scrap closed a few furnaces," said Chairman Roberts, "this year a lack of scrap may close many more and troops fighting at the front can not afford to have steel furnaces shut down this winter because of a scrap shortage. These troops need the materials of war now as never before. A shortage of scrap can be a tragedy at this time."

Steel, it is explained, is made by melting together new metal in the form of pig iron, and old metal in the form of steel or iron scrap. Pig iron is already being produced to the limit of available capacity. Blast furnaces are stretching themselves to melt iron ore down into pig iron. But there is not enough pig iron capacity available to meet the huge demands of steel-making.

### Republican Candidate For Re-Election To Bristol Borough Council

JOHN H. WICHSER

John H. Wichser, an energetic businessman and a native of Bristol, is seeking re-election to Bristol Borough Council as the Republican candidate from the second ward.

Mr. Wichser became a councilman in 1939 when he was named to succeed the late Harry H. Headley. He has continued to represent the second ward in council since that time and has ably looked after the affairs of his constituents.

He was born in Bristol May 18, 1889, and is the son of Casper and

### FIGURE IS VERY LOW

DOYLESTOWN, Oct. 28—There have been issued thus far in Bucks County more than 1200 hunting licenses.

Among those issued was one to William Black of Upper Black Eddy, who recently observed his 90th birthday. A friend applied for the license for Black, who expects to do some gunning near his home.

Deputy County Treasurer Alvin T. Lippincott states that about 150 non-resident licenses had been issued in addition to the 1200 resident licenses. Very few women have been issued licenses here this year.

One of them is Miss Ruth Heisel, of the county seat, who is also an enthusiastic angler.

Mrs. Anthony Narcisi and daughter, Annetta, have returned to their home on Washington street, from the Harriman Hospital.

## MUNICIPAL PROGRESS

Bucks County's municipalities, as a whole, have built carefully upon solid financial foundations in support of Republican principles of work and thrift. There are 109 municipalities and school districts in this county. They have been managed conservatively and with regard to the welfare of the people. Tax collections for all county subdivisions have consistently averaged around 100 percent. The decreasing ratio of tax delinquencies shows clearly the nature of public responsibility to government and what the people themselves are doing to make their municipalities and their county financially sound. Half of our boroughs, townships and school districts have no bonded debt.

As far as it is possible to ascertain, there never has been a default on any municipal loan. Four of the largest boroughs in Bucks County own or control their own water companies and these, in turn, because of their earning capacities, have helped to produce savings on the tax rate. In 1939, when the last complete analysis of tax rates was made in the state, every total tax for the municipalities in Bucks County was below the state average.

A comparison of Bucks County's municipalities with other municipalities in Pennsylvania shows that the people of this county have enjoyed steady progress. Our farms and factories have been a profitable source of productive enterprise and that prosperity has been reflected in the successful operation of municipal and county governments.

Bucks County, under Republican administration, has become one of the greatest agricultural and industrial centers in the nation. Free enterprise has risen to new and higher levels by new processes and new products, new industries, new employment and new levels of living. We have always opened our gates to new standards of creative effort.

The people of this county know the value of sympathetic team work. Our municipalities have avoided the imperfections of faulty management because they have adhered to Lincoln's immortal principle of government of, by and for the people. This has been the enduring bedrock of the Republican philosophy of good government.

Each municipality has contributed its share towards Bucks County's economic security. Consequently our farms and manufacturing industries have been able to weather the incessant storms of competition. We have lived and prospered under the American system of competitive enterprise. The greatest tribute to our productive capacity was revealed when Japan's infamy at Pearl Harbor plunged us into war. Then, the municipalities of Bucks County became one huge team for victory. The aggregate of our productive genius unquestionably has thrown into the battle that decisive weight which someday will help to crush the Axis war lords who first misled, and then abused their own befuddled people and next set out to rob and enslave the entire world.

Political trends indicate that there are men in Washington with similar dictatorial impulses who believe in rule by bureaucracy instead of home rule. The people of Bucks County, who have seen all too clearly the glaring inadequacies of the New Deal know that a comparison of bureaucratic government with the kind under which we have lived and prospered is no endorsement of the Democratic Party's aims and principles.

The boroughs of Doylestown, Bristol, Quakertown and Morrisville are typical examples of Bucks County's high standing as an industrial and manufacturing power. The assessed property valuation of these four boroughs is more than \$18,000,000. Their school facilities are among the best in Pennsylvania. The standing of these communities has a parallel in each of the 105 other boroughs, townships and school districts in the county.

According to latest available figures, the total bonded indebtedness for all of Bucks County's political subdivisions, both borough and township, is \$929,935, or an average bonded debt of some \$16,000. The bonded debt of Bucks County's school

### BUILT OWN BEDS

Pvt. Sidney Singer, who is stationed with the U. S. Army in North Africa, writes in an interesting vein of his experiences "over there." In a letter to his uncle and aunt, Mr. and Mrs. Joseph Singer, Pvt. Singer has this to say:

Dear Uncle and Aunt Rae:

I received your letter and am glad to hear that you both are fine.

Over here in North Africa we live in large tents, about six soldiers to a tent. We built our own beds and they are an improvement over sleeping on the ground. Of course you must realize that in the army things change rapidly. In other words what you do one day doesn't mean you're to do it the same the next. I guess the idea is to keep the enemy guessing.

We have a certain amount of training exercises, etc. Right now we are fairly close to town so when we aren't on K. P. or guard duty we have the privilege to go to town. We usually go in on pass in the afternoon or evening. In town the population consists mostly of French who are very good in their attire, especially the women dress very well. As a matter of fact you can't tell a French girl from an American girl. The Arab girls have certain markings on their forehead and arms. These markings are so they can tell which tribe they belong to. The women all wear white sheets and they cover their faces. You see very little of their faces when you walk down the street.

Very few of the women over here wear stockings. I suppose it's pret-

More than 20 members of the sect have been sentenced during the past two days for draft violations.

### Held On Assault Charge

Philadelphia—A 32-year-old delicatessen store clerk was held on charges of aggravated assault and battery and illegal possession of firearms today following the shooting of his wife, Mary Harris, 22.

Her husband, Edward, a former convict, told police he left their downtown apartment last night after an argument. When he returned this morning, he said, Mrs. Harris was sobbing hysterically and brandishing the revolver. He tried to take the gun away from her, but she was shot in the chest in the scuffle, he related.

Physicians at Jefferson Hospital described her condition as serious.

### Machine-Gun Fire Peppers German Reinforcements

Cairo—German air-borne reinforcements were peppered with machine-gun fire as they alighted from a transport plane in the course of a heavy raid by Allied bombers and fighters on the Antimachia airfield on the Dodecanese island of Kos, the Middle East high command announced today.

The bombers destroyed grounded German aircraft and started two large fires, the communiqué said. The harbor at Porto Maltesana, on Stampalia was bombed and bursts were observed on a jetty. Direct hits were scored in an attack on barracks buildings on Cavdos Island.

A formation of Junkers 88s about to attack Allied shipping was driven off by Allied fighters before the enemy craft were able to drop their bombs. A number of the Nazi craft were damaged.

None of the Allied craft were lost in the operations.

## ONLY 2 UNITS OF DORMITORIES ARE OCCUPIED TO DATE

Approximately Month Behind  
Schedule for Completion of Work

### "DEMAND FOR 100"

More May Be Ready By The  
First of November, It  
Is Announced

With but a mere fraction of the dormitory accommodations at Bristol Terrace No. 2 completed to date, only two are occupied at the present time, it is stated.

Although announcement had been made by those in charge of the housing project that 200 units would be ready for occupancy on October 1st and the remainder of the 400 by October 15th, they were not ready for acceptance from the building firm.

The two families who have moved into the one-story brick and cinder block units are located in the structures which front on Magnolia Road.

"Possibly by November 1st more units will be ready," a spokesman for the Terrace management stated today. "Approximately one quarter of the units, or 100, are in demand at once."

The "hold-up" of the work on the part of the contractors is general, it is stated, work of different types being required yet on some units.

### CARDBOARD CHRISTMAS

The outlook for Santa Claus is bleak this year. He is a lavish old gentleman, fond of electric trains, metal wheel goods and mechanical toys. These are out for the duration. The toy and game industry reports that these three items made up \$60,000,000 of the industry's total annual business before the war.

Manufacturers are working diligently with substitute materials to provide sufficient Christmas presents for the nation's millions of children. But toy makers admit that they will not be able to produce enough presents to match the total sales of last year. They are hampered not only by lack of materials and manpower, but also by a new element in public purchasing. Thousands of women who have gone into war work are trying to make it up to their children by a flow of presents.

Although there is a continuous supply of new games and gadgets for the retailers' shelves, retailers in general find it difficult to build up stocks for Christmas trade. This year America's children will unwittingly make their little contribution to the war effort by playing with simpler and fewer toys.

Sympathy should be reserved for the parent who has set his heart on giving his son or daughter an electric train or a bicycle. To the very young there isn't much difference between a wooden train and a metal one, or between a cardboard soldier and a tin one. Ingenious parents, balked in the stores, can work miracles at home. Old toys containing metal can be reconstructed.

And, as manufacturers point out, they are trying to make up in novelty for what they lack in materials. The ingenuity and skill which have already been demonstrated in some of the cardboard toys are fascinating to child and adult alike.

A cardboard Christmas will not be too bad. And for older children there are always paper Christmas presents in the form of war stamps and bonds. The threatened shortage will not apply to these.

If there are to be twice as many Victory Gardens next year, the plowing might as well start now.

## Every Ounce of Scrap Metal Needed at Once

Continued From Page One

Scrap steel is desperately short today. The visible supply of scrap—that is the material actually on hand in yards of dealers, steel plants, and industries—is dangerously near depletion. The steel mills face the winter months when the flow of scrap slows down with their scrap reserve almost gone and this at a time when the need of steel is more urgent than at any time before in the history of this country. Unless this need is met now the American fighting men may die for lack of weapons.

### Republican Candidate For Re-Election To Bristol Borough Council JOHN H. WICHSE

Continued From Page One

Anna Wichser, both now deceased. He received his early education in Bristol and Philadelphia and went to learn his trade as tinsmith, when he was 13 years of age. He served as apprentice to various tinsmiths and then entered business for himself.

On February 2, 1910, Mr. Wichser married Anna E. McCoy, and he and his family reside at 309 Doranance street.

In addition to being much interested in borough affairs Mr. Wichser takes an active part in fraternal matters. He is a member of Bucks Lodge, Loyal Order of the Moose, and Bristol Lodge of Elks, No. 970. He is the father of four children: Mrs. George Smith, Croydon; Mrs. Phyllis Nichols, Bristol; William G. Wichser, and A/C John H. Wichser, Jr., of the Army Air Corps, who is now stationed in Texas.

In the primary election the Republican vote of the second ward put their stamp of approval upon him for another term, and he is thus a candidate for re-election on the Republican ticket in the election on Tuesday, November 2nd.

frigerators and oil burners along with a general line of electrical appliances which business he is still conducting.

Mr. Winter has been a director of The Farmers National Bank of Bucks County since January 8, 1924, and up until the time he was elected a member of Borough Council in 1927, served as superintendent of the borough fire alarm system, having succeeded the late Frank Chambers in 1912. He serves as chairman of the Finance and Public Property committee, and is a member of the Police Committee of Borough Council, and as such is in constant touch with borough activities and its finances. Part of Mr. Winter's duties as chairman of the Finance Committee is arranging of the Borough budget, in connection with the chairman of the various other committees, and the allocation of the various sums of money to be spent for the maintenance and upkeep of the borough as a whole.

This phase will be followed by new construction and expansion work interrupted by the war. Plans for this work are now being drawn up so the program can be started as soon as new equipment can be manufactured.

He warned, however, that "while the tide of war has now turned in our favor, there is danger that some will feel the time has come to ease up."

"There can be no relaxing until the great day comes and peace is really here," he said.

Mr. Frechafer spoke from a stage decorated with massed American flags, which were put in place in an impressive parade. Members of all departments, in costume, took part, parading through the aisles.

Members of Mr. Frechafer's staff from Philadelphia headquarters also attending the meeting included Thomas H. Grist, general commercial manager, Russell P. Long, general plant manager, Charles W. Potter, general traffic manager, J. Earnshaw Murdoch, chief engineer and William P. Norris, assistant to the vice president, Roy L. Smith.

Mr. Winter is a member of Bristol Lodge, No. 970, B. P. O. E.; Bucks Lodge, No. 1159, L. O. O. M.; Pennsylvania State Firemen's Association; Anchor Yacht Club; Mill Street Business Men's Association; Bristol Fish and Game Protective Association; the Bristol Consolidated Fire Company; the Bristol Exchange Club, and Washington Camp, No. 789, P. He is a member of the Bristol Presbyterian Church.

## Faith Clarke's SHOPPING TIPS FOR BUDGETEERS

THERE'S STILL TIME to send abroad Xmas gifts to men and women in the Navy, Coast Guard and Marines! As you know, November 1st is the closing date. There are still the Navy and Army girls and boys in the U. S. A. to be remembered, after the deadline for those abroad. In any case, you cannot do better than to visit the remodeled Snellenburg Service Gift Canteen. It is relocated, now occupying a convenient corner on the first floor, near the Market St. door at 11th St. I cannot begin to enumerate the many things for selection—very, very much wanted things for each and every branch of the Service, and for either men or women. Visit the Snellenburg Canteen Corner the very next time you come to town!

TOPS WEDDING PRESENT is a beautiful blanket or a handsome quilt, and this week I can give you news of both. At the reasonable price of \$15.95 you can buy a 100% virgin wool full "4 lb." blanket, 72x84 ins. It is double-bed size, and is glamorously bound. Comes in rose, green, peach, blue, etc. If you want to give a harmonizing quilt, too, or a quilt alone, then by all means have a look-see at some reversible rayon quilts—honeys—in satin or taffeta at \$10.95 each. Plumply filled with 100% reprocessed wool. Adorned with decorative stitching. Size 72x84. Both these excellent "buys" are to be found in the Snellenburg Bed Covering Dept. (2nd floor.)

★ "WARM-UP" JACKETS for the boys prevent many a cold. When the jackets are of the kind found in the Boys' and Students' Clothing on the Snellenburg 3rd fl., the youngsters don't have to be urged to wear 'em! There are many styles, from \$3.95 to \$22.50. Look them all over, but do see particularly the "Harvey" model, by Foster, at \$10.45. It is fashioned of wind-proof and water-repellent cotton gabardine, lined with cozy all-wool flannel. Closes with a zipper. It's for all-weather wear and big boys and little boys are, well, "nuts" about it! Sizes 8 to 20!

★ OH, MY DEARS! Here are stockings, stockings a reliable shop is proud to sell exclusively—"Arbest" stockings at only 84c a pair. They are rayon chiffon, about it, walk over to the children's hosiery counter and buy some of the long-wearing socks in different lengths! You might like to order your own silk stockings by phone or mail. Sizes come from 8½ to 10½. Snellenburgs, 1st fl.

★ WITH OR WITHOUT! Imagine a snappy sports tweed coat, girls, with a removable raccoon collar! Cold or just cool, whatever winter or fall weather you're all set. Made of 100% new wool, the coat has boy-box full-length lines and fastens with three large bone buttons and has two slit pockets. It is snugly interlined. You'll love it. Oh, yes, it comes in plain beige as well as the cleverly muted tweeds. Sizes 9 to 15. Junior Miss Coat Dept. (2nd fl.), Snellenburgs.

★ KEEP HIM COZY! That man of yours will enjoy warm cotton flannel pajamas. Better buy them in time for the cold nights soon to come. The Snellenburg Men's Furnishings Dept. (1st fl.) has some excellent ones at \$2.45 each, in small, medium, and large sizes. Ski pull-over type, with huggie wrists and ankles. Blue, taupe, green. Require no ironing. (1st fl.)

★ CONSERVING HEAT (which means fuel) this winter is a patriotic duty as well as household thrift. Besides, it will probably be necessary, if we are to be sufficiently warm to maintain good health. In this conservation of heat "little things" will play a "big" part, such as taping windows and caulking cracks. The Snellenburg Housewares Dept. (3rd fl.) offers us a caulking gun and its ammunition. One gun tube does 3 windows, 4 will do an average 5-room house. Used for other cracks, too. Each. Order gray or white. Brown or white tape for pasting over cracks comes at 50c and \$1.

★ P.S. Shop especially at this friendly store—Market from 11th to 12th Sts., 1123-29 Chestnut St., Philadelphia. Or, order by mail. Oct. 23 to Nov. 15, 10c and 15c out-of-town calls only. Penna. and N.J. ENTERPRISE 10160, New Jersey number WX 1150. EATHE.

★ NEW CRIES! California ones, with—believe it or not—strong metal truss to keep up the wrist instead of Duratone wooden ones. Those I have glimpsed are white, and the head and foot panels are lavishly decorated. Only \$23.50. Isn't there some grand mother-to-be among my column friends? What a question! Of course! Then here's your pretty chance to do more pre-grandchild gift-giving! Also, good comfy water-proof mattresses to fit are priced at \$10.95. (2nd fl.) Chestnut St. Bldg.

★ P.S. Shop especially at this friendly store—Market from 11th to 12th Sts., 1123-29 Chestnut St., Philadelphia. Or, order by mail. Oct. 23 to Nov. 15, 10c and 15c out-of-town calls only. Penna. and N.J. ENTERPRISE 10160, New Jersey number WX 1150. EATHE.

There are quite a few restaurants in town which are owned by the French, but the food isn't anything like we get in our restaurants. Meat is very scarce over here and if you are fortunate to get a little you pay dearly.

You can get eggs in the restaurants for it seems that in a lot of the homes there is also chickens in the yard, or in the house. Whenever I go to town I usually eat at the Red Cross. The charge for each sandwich is two francs or four cents. Lemonade is free. The money we pay is to help pay the French girls who make the sandwiches and to pay other expenses. They usually have cheese, jelly and peanut butter mixed. Spam sandwiches, lemonade and sometimes ice cream, most of the time in the evening. Every day they have a movie at the Red Cross and there also is a reading and writing room, a room where you can play ping pong, a music room where they have a piano, and also play your favorite recordings.

There are dances held here every evening, the girls who take part are all French and they are all very good dancers. They sure pick up the American way fast. At these dances there is always a top notch orchestra, the dances are usually from 7 to 10.

There are about four French movies which show American movies. In the bottom it is written in French so the French can understand the picture. The French go for American movies in a big way. The price of admission runs from 25 to 30 cents. About once a week there are boxing bouts shown and these are very good scraps, full of action. There are also various stage shows put on in the Red Cross and these shows are very popular with the soldiers.

The soldiers go for the beer (which isn't too strong) in a big way, and wine, muscatel, Vermouth and the combinations of these drinks are very popular.

There are quite a few WACS over here and it's good to see an American girl for a change, but of course the soldiers far outnumber the WACS. The food we get in camp is in my judgment better than what I ate in the states. We eat from our mess kits and cups; of course we stand in line. . . . We get coffee every morning for breakfast, plus cereal with milk and sugar, eggs or pancakes and bread and butter. For dinner and supper we always have lemonade or grapes, fruit or tomato or chocolate drink, plus potatoes, string beans, spinach, meat, hamburgers, meat loaf, stew and hot dogs. We have a good variety of food and we get plenty to eat.

Every week or I should say once a week we get our PX which consists of candy, toilet articles, razor blades, and chewing gum, cigarettes, cigars and other items.

This should give you a general idea of what we do and eat. Keep well and take things easy. . . . Love, SID.

# THE REPUBLICAN PARTY STANDS FOR GOOD GOVERNMENT IN BUCKS COUNTY

*Its Candidates For Election On November 2nd Will Continue The Superlative Record It Enjoys For Economy, Efficiency And Honesty In Government*  
**PUT YOUR TRUST IN REPUBLICANISM AND VOTE STRAIGHT REPUBLICAN ON TUESDAY, NOVEMBER 2ND.**

The United States faces enemies within as well as foes across the seas. We are at war to preserve the American way of life; to protect the liberties of our people; to preserve the institutions that have made America great. What will it avail us if we win the war abroad and lose the peace at home? So long as the New Deal party works to break down our Constitutional form of government, the domestic security of this county, state and nation is in jeopardy. For the Bucks Countians away in the armed forces, we must preserve all the rights, privileges and opportunities they left with us to safeguard for them. Upon their return they are entitled to find the same opportunities to work gainfully they laid down when they donned the uniform. To this the Republican Party is committed, and in this effort you can strengthen its hand by voting its ticket on November 2nd.

As a place in which to live, the Republican Party has given Bucks County much of which to be proud. Its affairs have been so managed that taxation, which elsewhere adds heavily to the cost of living, is lighter than comparable political subdivisions. This may be illustrated by the following:—

Bucks County has the lowest taxes in the state with the single exception of Lancaster County.

For the administration of the County's business, additional space was purchased and renovated at a cost of \$100,000 paid out of current revenues. No bond issue was floated for this purpose. In the last ten years, bond issues of over \$4,000,000 were floated in other counties in Pennsylvania for this purpose.

In 1939 when the last complete analysis of tax rates was made in the state, every total tax rate for the municipalities in Bucks County was below the state average.

Only eighteen counties (out of 170 of over 100,000 population in the entire U. S. A.) have a lower bonded debt than Bucks County, which is now \$64,000.

On January 1, 1943, Bucks County had a cash balance of \$86,000 in the general fund, some accumulation in the sinking fund, and a balance of \$12,000 in the institution district, or more than enough to pay the bonded debt if due.

Just a year ago this committee asked your support of the Republican ticket—Governor Martin was elected, together with a Republican legislature. Your vote then has paid dividends. Under Republican guidance, a tax reduction of forty-five million dollars resulted. Salaries of school teachers were increased, the state statutes amended to expedite the war effort, welfare and health standards raised, and legislation in aid of farmers enacted.

In both county and in the state the Republican Party has functioned in the interests of the people.

The Republican candidates shown on the sample ballot are all pledged to the Republican principles which have proven so beneficial. Safeguard your investment in good government.

The ballot below will show you the candidates for whom you vote when you vote a straight Republican ticket thus—

## MUNICIPAL PROGRESS

Continued From Page One

districts totals \$1,203,400 or an average of \$21,453 for each subdivision.

This is exceptionally low on the basis of comparison with other municipalities in Pennsylvania.

A survey conducted in 1940 by the United States Department of Commerce listed the average county and municipal subdivision debt, excluding Allegheny and Philadelphia counties, as \$7,000,000 per county.

Thus if we take Bucks County's actual bonded indebtedness of \$64,000 and add to this the \$929,935 representing the combined bonded debt of our political subdivisions and the \$1,203,400 covering the bonded indebtedness of our school districts, the total Bucks County debt would be \$2,197,335 or APPROXIMATELY ONE THIRD OF THE AVERAGE BONDED DEBT OF OTHER PENNSYLVANIA COUNTIES!

Certainly this is a record of which all Bucks Countians can be proud.

It is indisputable proof of the far-seeing efficiency of our Republican government.

It is a tribute to the enterprise, initiative and vision of the more than 100,000 citizens who are the life and breath of this productive county.

It is a clear-cut indication that the Republican principles of government must stand firm against the enticements of the New Deal.

We, who believe in the destiny of Bucks County, the Commonwealth of Pennsylvania and the United States of America, should continue to support the Republican doctrine under which American industry has become the greatest productive force in the world.

We must see to it that when peace comes again the productive power of America . . . and of Bucks County . . . will flow from mental and moral sources toughened by a time-proven system of unshackled enterprise and open competition. That is the American way and as Americans we must prevent our individual initiative and system of free enterprise from being victimized and eventually destroyed by carping New Deal critics who cannot balance the minor deficiencies of the enterprise system against its overwhelming virtues.

Bucks County does not need or want the paper planners and visionaries of the New Deal.

Every schoolboy knows that America outshines all nations in industrial power and progress. Do we not owe it to that schoolboy, who is looking ahead to his career, to make certain that when he reaches maturity he will find his opportunity under the American system of competitive enterprise instead of being a regimented pawn of bureaucratic Washington?

Despotic forms of government, ever since the beginning of nations, have absorbed great powers by pretending they possessed sovereign cures for the ills of the people. Today, the false paternalism of the New Deal is that political party's way of usurping powers beyond the wildest dream of those despots and tyrants who ruled civilization with an iron hand.

There are among us today ghoulish men who not only would welcome a collapse and disintegration of our economy but who stand prepared cunningly to destroy it according to seasoned formulas for riot and revolution. The people of Bucks County, aware of this menace to our Constitutional heritage, must do their part to guarantee that our fighting men who are fortunate enough to come back home will return to a land where opportunity still exists and where the withering hand of the bureaucrat does not regulate our lives.

Our industries and our people cannot prosper half-free and half-shackled. That great partnership of capital, management, labor and government must be restored as the ruling force of American enterprise. Bucks County has made a gigantic contribution to the progress of American industry. That contribution and that progress must not be dissolved by the blundering in-

competence of political misfits of the New Deal who are determined to gain control of every municipal subdivision in this country. Make no mistake about it—Bucks County has been marked for conquest by these political saboteurs.

Every honest citizen who has observed the fantastic operations of bureaucratic Washington cannot help being completely fed up with government by aggression and dictatorial impulse, carried out through policies of costly, experimental contradictions.

November 2 is YOUR opportunity to turn back these political renegades and deliver a crushing defeat to the opponents of free government.

Vote Republican and keep Bucks County for Bucks Countians.

The spirit of Republicanism is the torch which must relight throughout the world the lamps of liberty and opportunity which have been darkened by the Godless brutes who scorn the ways of peace and the laws of human decency.

This is an unmistakable obligation which these desperate times are hammering into the minds of men who would remain free and who already see the menace of dictatorship arising in this country behind the clouds of war.

Your vote on November 2 will be a big step toward keeping Bucks County free. It will be an inspiration to the people of other counties and municipalities elsewhere in the country who are looking forward to the day when they will have freed themselves from the chafing bonds of New Deal rule. The trend is here. Our duty is clear.

VOTE REPUBLICAN AND PROTECT YOUR INVESTMENT IN GOOD GOVERNMENT.

## Have You A Room To Rent?

### We Have a Victory Worker Ready to Move In

The production front is just as important to victory as the fighting front. In order to keep up production of Plexiglas, Crystalite, Lethane, Primal, Lykopol and other vital war materials, we must bring in workers from outside areas—and they must have living quarters.

If you have a spare room for a man or woman in Bristol or vicinity, here is a chance to help the war effort and add to your income at the same time. Phone Bristol 875—ask for Personnel Dept. If you have registered your room with us, be sure to phone us whenever it is vacant, so we can send you a new roomer promptly.

We thank Thee, O Father, for the Cross of Christ upon which He laid down His life in sacrifice and atonement for our sins. May we ever keep at the heart of our faith the picture of the self-sacrificed Christ. Who in rising from the dead became the first-fruits of them that sleep and the hope of life eternal for all who depend upon Him. May this same spirit of sacrifice motivate our lives as we willingly surrender ourselves unto Him Who has purchased us by His own life. Through Jesus Christ our Lord. Amen.

### ON THE SCREENS

**GRAND THEATRE**  
Roaring along from gunfight to gunfight and thrillingly alive with color and romance of the old west, "Frontier Badmen" came yesterday to the screen of the Grand Theatre. The production is a major achievement in the realm of action melodramas and for sheer, gripping entertainment, it stands by itself among current Hollywood offerings.

Polished performances by a cast of excellent players enhance the story's rapid movement. Robert Paige, popular young leading man, is outstanding in his portrayal of the courageous Texas cattleman who wages war on a ring of swindlers in the pioneer settlement of Abilene, Kansas. Anne Gwynne is seen in the chief feminine role.

## FLEETWINGS TEAM OPENS ITS SEASON WITH A VICTORY

Arrows' Basketball Team  
Defeats Brewster In  
One-Sided Game

FINAL SCORE IS 55 TO 33

Smith, Sternberg, Bloom  
and Delevich Were the  
Stars of The Game

The Fleetwing Arrows opened the Eastern Aircraft Basketball League season, Tuesday night, with an easy victory over their traditional rivals—the Brewster five.

The Arrows took an early lead with successive field goals by Smith, Sternberg and Barbetta, and were never really in danger throughout the game.

The game was preceded by the opening ceremonies and introduction of players to the large crowd which jammed the Germantown Y. M. C. A.

The Arrow combination was headed by the superlative play of "Mike" Bloom, one of the greatest professional stars in the court game, and Devon Smith, former star of Western Michigan and the famous Bendix team of South Bend, Ind.

Jerry Sternberg, a newcomer to Fleetwings, provided the fans with several thrills with his great floor play. Walt Delevich was sensational under the basket with his accurate shooting.

Brewster played a fine hustling floor game but many plays were broken up by the experienced play of Mike Bloom.

Next Tuesday, the Arrows will meet the fast Bendix team on the same floor. "Zack" Clayton, the Negro star, considered by many as the world's greatest player, is a member of the Bendix team.

## Wm. C. Perkins Dies: Funeral on Friday

Continued From Page One  
or: William C. Perkins, Jr., of Allentown, and James H. Perkins, of Montrose.  
Funeral services will be held tomorrow morning at 11 o'clock in St. James' Episcopal Church, with cremation at Ewing, N. J., under direction of R. C. Horner.  
Mr. Perkins was chief engineer of the Eastern Paving Brick Association. He was a graduate of Lehigh University, in the engineering course; and was a member of several fraternal organizations. Some

years ago he served as assistant engineer of construction of Fairmount Park, Philadelphia, and for a time was in charge of construction of the state highway system of New York. Mr. Perkins was author of a number of articles appearing in various magazines on the proper construction of brick pavements; and he frequently lectured before college students on the same subject.

## Issue 1200 Hunting Licenses In County

Continued From Page One  
Because of the fact that hunting licenses are now issued in various sections of Bucks county, it is impossible to announce the exact number of licenses issued so far this year, but it is believed the number will fall off considerably because of shortage of shells and the fact that defense plants are working day and night.  
Last year only 2100 licenses were issued by the county treasurer in comparison to 8,000 and more when all licenses in the county were issued by the county treasurer.

## Scout Campaign Shows 25% Gain

maintenance of camp, activities, court of honor, training and all the allied activities of scouting is the aim of the campaign group.  
The delinquency prevention pro-

gram of scouting, which operates by training boys in the right conceptions of participating citizenship is well known to the people of the county. Through the co-operation of the schools, in a survey conducted for the Boy Scout Council, there will be opportunities for many boys to have scouting during
